Dear Evelyn and Eric,

I so enjoyed meeting you and having cocktails at your house. Your rug is an inspiration and I do appreciate your letting me see it as well as your reassurance that all good paper money collectors live with one room full of stacks of letters and currency.

I gather both of you on occasion have business in the Philadelphia area. Please do phone and have lunch or dinner or whatever with me (or visit the zoo) when either of you are in town.

Sincerely
Henry Gately
